Introducing the Language and Culture of the U.S.

“I have learned more than English from my tutor. I have also learned about American culture, history, and customs. Thank you so much!”
– An English At Large Learner

Since 1970, English At Large has helped more than 10,000 adult immigrants and refugees from around the world improve their English language skills, adapt to American life, fulfill their personal goals, and become contributing members of their communities. Each year, our trained volunteers provide free, practical, and accessible English language instruction to hundreds of adult learners in 21 communities in the Greater Boston area.

“English At Large is a nonprofit 501(c)3 charitable organization. Funding for our programs is secured through contributions from foundations, corporations and individuals, supplemented by fundraising events and a contract with the Massachusetts Department of Elementary and Secondary Education.

Donations to English At Large are tax deductible to the extent allowed by law.

The one-to-one connection English At Large offers allows tutors to tailor teaching to the needs of their learners. A closeness develops between the learners and tutors. The experience is well worth it. My learners have really enriched me.”

**JOIN THE CONVERSATION**

EAL offers a variety of free programs to meet the needs of beginning, intermediate, and advanced English learners. Major programs include:

**One-to-One Tutoring**
Our individualized tutoring program provides English language lessons that allow learners to progress according to their own goals and at their own rate. Learners and tutors meet for two hours each week at a convenient time in a public place such as a local library.

**Conversation Groups**
Our conversation groups offer small, supportive sessions, led by trained volunteers, that give intermediate to advanced English speakers the opportunity to practice their speaking and listening skills while discussing a wide range of topics. Conversation groups meet for ninety minutes each week for ten weeks in local libraries and community centers.

**Career Readiness**
Our Career Access Lab (CAL) provides individual and group career readiness support and professional development events. Services include a career readiness English language class, resume and cover letter writing support, mock interview practice, job search resources, referrals, and one-on-one career coaching. CAL sessions are held in local libraries and community centers.

**Beginner English Classes**
Our beginner English classes are for learners who have no prior experience with English. The classes focus on basic communication including vocabulary for everyday concepts and life skills. Classes, led by two teachers, meet twice a week for ninety minutes in a public place. Each session lasts for eight weeks.
