

## ENGLISHATLARGE

Greetings!

2020 is shaping up to be an exciting year for English At Large!

It is our 50th Anniversary Year and we are working on a number of projects to celebrate and commemorate our history as we plan for our future. More news and updates will be coming throughout 2020.

**Your support of EAL today inspires our path forward!**

If you have ever thought about volunteering with EAL, but don't have time for an ongoing commitment, we have great news for you! We are currently recruiting volunteers for upcoming events in our Career Access Lab. These are **one-time volunteer opportunities** for anyone interested in supporting local immigrants as they build their job search skills. Read on to learn more.

We are also recruiting college students and recent high school graduates as summer interns, and building the next training class for new volunteer tutors. More details on volunteering with English At Large can be found on our [website](#).

Thank for your continued interest in English At Large. Your involvement helps make for a very Happy New Year!

Best regards,  
Maureen

### Strategic Planning Project

We are excited to be working with [Pear Associates](#) as we engage in discussions with our partners and stakeholders to assess current services and plan for our future. Look for news on the results of this effort throughout 2020.

## Volunteers Need

to support the career goals of local learners  
at Career Access Lab Events:

Resume Review - Thursday, February 27th

Mock Interviews - Thursday, March 19th

10 am to 12 noon at the Burlington Public Library

Interested?

## EAL Volunteers Beyond the Tutoring

Like many of our volunteer tutors, Melissa continued to support the progress of her learner Behrouz after he completed the program, recently helping him prepare for the U.S. Citizenship Exam.

She shared news of his success with us, stating "To see someone work so hard and achieve something that means so much to him is priceless."

Congratulations Behrouz, and thanks to Melissa for sharing your volunteer experience!

## Now accepting applications for our Summer Internship Program

College students and recent high school graduates  
are encouraged to apply
